Pre Wedding Consultation – Trial Hair from £35

Brides want each detail to be perfect for their big day—especially when it comes to themselves. From head to toe, this includes everything from strategically placed wisps of hair to the colour of beading on their shoes. Brides should consider a trial-run of their desired hair style before the big day to make sure it is exactly what she wants. Two to three months before the wedding, schedule an appointment with a stylist to practise the desired style and what headpiece or bridal hair accessories will be worn.

Wedding Day Make Up

Once the bridal hair has been styled then the bridal make-up will begin with your therapist.

The look that was created at the pre-wedding consultation will then be re-created. This is an hour of your morning when you can sit back, relax and enjoy what will be the most special day of your life.

Wedding Day Hair

On the day we aim for your plans to run as smoothly as possible. Your stylist will create the look that was practised on the pre-wedding consultation making sure your headdress or tiara is also in place.
